

Optum

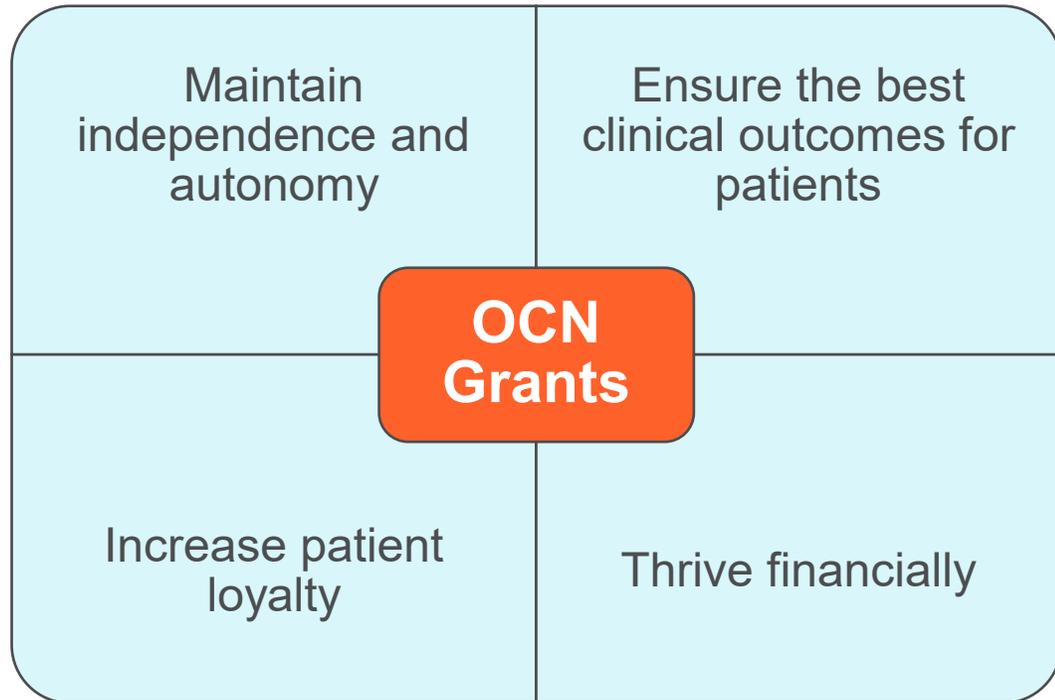

Optum Care Network PNW

2025 Grant Program

Why participate in the Grant Program?

OCN offers a Grant Program and a tailored approach to help your practice:

Grant areas of focus:

1. Coordinating and managing care
2. Improving the quality of care
3. Appropriately reducing costs without reducing quality of care
4. Transitioning from fee-for-service to value-based care

OCN 2025 Grant Eligibility Requirements

Primary care and specialty practices in Washington and Oregon contracted with OCN for serving Medicare Advantage members (both WA and OR) and Medicaid (WA only) as of the application deadline.

At least one provider from the practice must attend the OCN PNW Grant Program event in 2026. Provider must be willing to present on their project if asked.

Grants may not:

- Be for the purpose of any marketing to patients to utilize the practice or OCN.
- Take into account the volume or value of referrals or be conditioned as a payment for referrals of patients or business not otherwise covered by the full-risk Medicare Advantage contract (both WA and OR) and Medicaid (WA Only).
- Be used for salaries, staff time, equipment or upgrades needed for basic operations.
- Be used for any non-grant awarded purpose.
